Bilateral Parkinson's disease (PD) is rare, with fewer than 50 cases reported in the literature. We reviewed the English-language literature to identify cases of PD with dementia (PDD) and explore the clinical differences between left- and right-sided PDD. The findings for 35 previously reported cases of PD with dementia are similar to those for autopsy-confirmed PDD. A history of atypical Parkinson's symptomatology, a younger age at onset, and a later age of dementia onset distinguish left- and right-sided PDD.Q: PHP PHP Variable Html I am making an event page.I need to tell the user "Ticket Supplied Successfully".
